## “Vilnius open 2009”

„501“ double out will be played in the event. Men will play best of 7 legs, final – best of 9 legs. Women will play best of 5 legs, final – best of 7 legs. Starting player will be determined throwing dart to bull’s eye. When „green“ (25) or bull’s eye (50) is hit, dart must be taken out. If second player hits the same sector – darts must be overthrown again. Second player starts to throw first to the bull’s eye. If dart falls out of the dartboard – another must be thrown till hit.

8 or 16 best men players and 4 or 8 best women players in Baltic darts rating will be divided into separate groupings.

2 best grouping players will continue event in playoff. Playoff – one minus system.

### Event system:

41-47 players – 8 groupings. 2 minus system

48-80 players – 16 groupings.
